UM had 21-12 FD and 495-256 yd edges...Vanderbilt had not gained over 240 yards in any SEC game all year but had 242 at the half vs Kentucky. As had been the case all season long, UK played a much better 2H. Joker Phillips was incensed at half and left the locker room 10:00 early telling the seniors they should be embarrassed for their performance on Senior Day and to discuss it among themselves. The team came out fired up in the 2H and would storm to a 38-13 lead with 5:32 left. VU got a TD with 2:33 left to pull within 18 but the onside kick went OOB...Kent St had the nation's #1 rush D allowing just 69.4 ypg but Army ran for 233 yards on them...Boston College/Duke was an interesting game. BC had a chance to put it away and leading 21-6, faced a 3&4 at the Duke9 when Harris fmbl'd for the 2nd time inside the 15 and this time Duke's Campbell ret'd it 95 yds for a TD, a 14 pt swing to put Duke back in the game, 21-16. Northwestern trailed lowa 17-7 and the Hawkeyes were intid at the NU5 with 10:56 left. Persa led an 85/13pl drive for a TD with 6:21 left then a 91 yd drive and his 20 yd TD pass to Fields with 1:22 left put them in the lead. Unfortunately Persa fore his Achilles on the play and will be out the rest of the year. It was the Wildcats' 3rd straight upset of Iowa. Iowa actually had just 4 FD's in the 1H and trailed 7-3 but scored on their first 2 poss of the 3Q for their 17-7 lead. NU finished with a 26-17 FD edge...Louisville was without QB Froman vs USF, UL got an 11 yd drive for a TD after a USF fmbl early and USF got a spectacular 100 yd KR by Lamar to trail 14-10 at the half. UM jumped out to a 14-0 lead and had a fmbl ret'd for a TD overturned by review and it was 14-3 at the half after UM dropped a TD pass on 3&10 late 2Q. GT did fmbl at the UM6 but UM was SOD on 4&gl at the 1. When GT had a 2nd & 5 at the UM9 and fmbl'd, there were hardly any fans left in the stadium in UM's 35-10 win...UCF jumped out to a 14-0 lead vs Southern Miss but SM would rally to lead 17-14 at the half and scored TD's on their 2nd & 3rd 2H poss while UCF missed a 30 yd FG and SM cruised to a 31-21 win keeping the Golden Eagles in the CUSA Title chase...BYU dominated vs Colorado St delivering another 4★ Key Selection winner on these pages. Trailing 14-7 UC was int'd in the EZ for a TB on FD from the 14. After a punt, WV got a 48 yd TD pass then after a 25 yd PR and pers foul, WV drove 60/3pl for a TD to lead 28-0 and coasted in the 2H...Wake Forest actually had a 9-7 FD edge vs NC State at the half and 137-126 yd edge. The key play of the game happened at the end of the half. We went on a 13pl drive and faced a 4&gl at the 2 trailing 10-3 with a chance to tie it, they lost a yard. NCSt scored a TD to open the 3Q and then WF fmbl'd a punt on their 17 setting up another NCSt TD and the Wolfpack went on to a 38-3 win as WF had run a conservative gameplan trying to run the ball and shorten the game and did have a 110-59 yd rushing edge...Oklahoma extended the nation's longest home win streak to 36 and got revenge for the previous year's 41-13 loss to TT. Each team opened with a TD but then OU rolled to a 38-7 halftime lead and 45-7 after 3Q's, even missing a 35 yd FG in the 4Q and fmbl'ing at the TT37 late. OU had a 562-326 yd edge...Washington St got their first P10 win since the 2008 Apple Cup and the Beavers lost for the first time in 7 games at Reser Stadium. They now have USC, Stanford and Oregon left and need to win 2 of the 3 just to become bowl eligible. WSU had a 214-124 yd edge at the half and OSU was booed heading into the locker room trailing 14-0. WSU led 24-7 and it was 24-14 when OSU was SOD at their own 38 with 4:47 left and the Cougars tacked on a TD 4pl later...Memphis looked like they had a shot at the win with a 10-0 lead at the half but Marshall scored TD's on 3 of their first four 3Q poss to jump to a 21-10 lead and got a 62 yd TD pass with 6:18 left, up 21-13 to ice it in their 15 pt win...C Michigan had a FG with :15 left in the half to take their first lead of the game, 24-21 but Navy battled back to lead 38-24 with 7:27 left. They got 1 FD & punted with 1:04 left and CM went 80/8pl getting a TD with :04 left but the 2 pt for the win failed. An amazing stat coming in was that Penn St had never had a TD pass in 8 fries in Big Ten play at Ohio Stadium. Walk-on Matt McGloin got two TD passes in the 1H and PSU jumped out to a 14-3 lead over the Buckeyes. OSU rallied, thanks in part to 34 and 30 yd IR TD's in the 2H. The latter put the Bucks up 31-14 with 8:02 left. They got the ball with 7:10 left and marched 78/7pl and threw a 3 yd TD pass with 3:59 left for the frontdoor cover...One week after TJ Yates set a school record for passing yards, he had 4 int's and NC turned the ball over six times. NC led VT 10-6 over VT and 10-9 at the half but imploded with 6 TO's in the 2H. The Tar Heels were int'd at the VT21. A punt did not appear to hit the returnman but was ruled at fmbl and VT rec'd it, setting up a 21 yd drive for a TD. NC had a 1st & gl at the 2 but fmbl'd and VT kicked it out of the EZ for a TB. NC was int'd at the 2 and int'd at the 13 as well and equild not overroome 6 TO's in the 24.10 but at the ball to the part of the 14 but at the ball to the part of the 15 beautiful by the 15 beautiful but on the 15 beautiful by the the 13 as well and could not overcome 6 TO's in the 26-10 loss...TCU did have 27-7 FD and 466-300 yd edges vs the Aztecs. SDSt fell on a fmbl in the EZ for a def TD to lead 14-0 but at the half TCU was firmly in control, 34-14 with a 318-85 yd edge. The Frogs had leads of 37-14 and 40-21 in the 4Q and were at the Aztec13 with 9:05 left when they were int'd. The Aztecs went 88/6pl

getting a 33 yd TD pass with 6:43 left then after a 29 yd PR got a 35/1pl TD pass with 4:50 left to pull within 40-35. TCU got 3 FD's getting to the SDS19 where they took a knee...Colorado blew a big lead vs Kansas last week and it got Dan Hawkins fired. Hawkins was very supportive since his son was the QB and was even at the stadium for the game vs lowa St. Once again, CU got out to a big lead, this time after a 45 yd FR with 11:22 left and they led 34-7. lowa St scored a TD with 8:11 left and got to the CU12 where they were SOD on their last gasp with 4:41 left. Cody Hawkins had a 13th TD connection with Scottie McKnight which set a school record for a TD duo...Mississippi St was off a bye but Alabama was coming in off a loss. MSU made a game of it early vs the Tide as they settled for a 24 yd FG and it was 3-3 late 1Q. Bama got a 45 yd FG and the team's punted 3 straight times then Bama got a 45 yd TD pass with 7:09 left to make it 13-3. After a PRTD was called back, on the first play Bama threw a screen to Ingram who took it 78 yds for a TD to lead 20-3. Bama's first 3Q play went 56 yds for a TD, 27-3. At the end of the game, Bama got an IR to the MSU22 and from the 3 they fmbl'd into the EZ for a TB with :43 left. Bama's last TD drive was led by backup QB McCarron...

News & Notes continued from Front page...20:00 prior to game time, Nebraska played a highlight of Tuner Gill's playing days at NU. The Huskers evidently took it easy on him. Taylor Martinez, who played just 1 play vs lowa St, was limited by design and had just 11 rushes in the game. NU got a TD with :33 left in the 1Q and a 54/9pl drive then went 75/9pl for a TD with 3:01 left to lead 14-0. The Huskers had a 193-47 yd edge. KU was limited to 5 FD's for the game and NU had a 397-87 yd edge in the lackluster 20-3 win...LSU had been eliminated in the SEC West race prior to ULM and defense got them the margin. and NU had a 397-87 yd edge in the lackluster 20-3 win...LSU had been eliminated in the SEC West race prior to ULM and defense got them the margin. In the 1H ULM had a 116-90 yd edge but LSU led 23-0. The Tigers had a 32 yd IR TD and they had scoring drives of 14 (after 24 yd PR), 19 (after 34 yd punt), 12 (after 85 yd IR) and 14 (after fmbl) yds to lead 23-0 at half. Their longest drive of the game came after ULM was int'd at the LSU23 with 12:46 left as they drove 66/10pl for their final TD to go up 51-0. For the game LSU had a 251-190 yd edge.

RARE BOWL ELIGIBLE TEAMS: Syracuse got to bowl eligibility in a tight one vs Rutgers where they were actually favored on the road. RU used frosh Jeremy Deering out of the Wildcat and he rushed for 166 yards. It was tied at 10 when RU missed a 45 yd FG with 3:51 left and SU went 66/11pl getting a 24 yd FG with 1:07 left. RU got to their 40 but on 4&17 was SOD with :06 left. RU had a 305-280 yd edge.

MOST UNIQUE POWER RATINGS IN THE COUNTRY These Power Play Forecasts are the most

unique in the country because they are based on **Northcoast Sports' Private Power Ratings**. Our ratings are unlike any computer rating, as we take into account all of the following: Strength of Opponents Individual Units (Rushing Offense & Defense, Passing Offense, & Defense, Scoring Off & Def, Garbage Yds, Weather, Inj's, Home Field Edge, and Successful Unbalanced Attacks). Here is how each is reflected:

Strength of Opponent: Our ratings do not just take the opposing team's overall power rating into account. For example, in 1992, Washington's defense vs the rush was rated at a "110" (From 1-100). They faced Colorado and allowed 183 yds rushing and **dropped 12 spots** in the national rushing defense ratings. However, Power Plays took into account the potent Buffalo run attack and had forecasted the Huskies yielding 225 yds. Due to the fact they did better than the forecast, Power Plays raised their rating to 112 even though they slipped in the national (straight yardage) rankings.

Another example was Michigan vs Purdue in 1989. Michigan held Purdue to just 45 yards rushing and improved their ratings in rushing defense in the national statistics. However, our ratings had them rated at a 102 and moved them down to 99, as they should

rushing defense in the national statistics. However, our ratings had them rated at a 102 and moved them down to 99, as they should have yielded just 32 yards to an impotent Purdue rush attack. Next time an announcer on TV tells you that a certain team is #3 in the country vs the run you better check Northcoast Sports' Power Ratings and see how good a rush defense they really have! The top twenty ratings in Power Ratings for each offensive and defensive category will be listed in each week's issue of Power Plays.

Garbage Yds: These are yds that a tm gains or allows in the final minutes of a gm when it has been decided. Example, Tm A is ahead 63-0 and allows a 93 yd TD pass vs its 4th string D. These yds are counted in national ratings, but not in Northcoast Sports' Power Ratings!

Weather: If a game is played in miserable weather conditions and is low scoring, the straight statistics credit the defense with outstanding performances. Our Power Ratings reflect the conditions and do not give excess credit to the defenses.

Injuries: When South Carolina played NC State in 1989, South Carolina QB Todd Ellis was injured on the third play of the game. His backup, who had seen very little action all year, was not prepared and hit on just 4 of 13 passes for 65 yards. The offensive coordinator did not risk any passes. In the national statistics NC State's pass defense MOVED UP 14 NOTCHES. In our Power Ratings they stayed the same, as the low yardage WAS NOT reflective of an outstanding performance by the defense.

ACC

Home Field Edges: The weekly projection of yards and points is weighted with the home field factored in.

Successful Unbalanced Attacks: In '89, Ohio St was held to 127 yds pass vs N'western. This dropped OSU in the national passing off ratings & RAISED the Wildcats in the pass D ratings. In our ratings the two units remained rated the same. Why? OSU rushed for 456 yds & DID NOT HAVE TO PASS & when they did they hit 9-11

passes, which is VERY effective. While N'western's pass defense looked good in the national ratings, only Northcoast Sports' Power Ratings reflected the TRUTH!

There you have it. More than just numbers, THESE RATINGS REFLECT the true strength of each unit and allow them to have the most accurate forecast of yards gained and points allowed in the country! No other rating system takes into account all the previous factors. Next time you hear that a team is rated third in the country in pass defense, just remember, yards are not everything and Northcoast Sports' Power Plays will show you how strong the team really is.

The Power Ratings listed below are not based on the Power Plays, they are based on last year's final computer power rating numbers with the pluses and minuses from the off season changes factored in. They are then adjusted during the course of the season based on the final score of the games that are played on a weekly basis. The Power Ratings listed below can be used for you as a base power ratings to forecast up coming lines and strength of opponents, etc. Once again, they are not based on Power Plays and they differ from what we have shown in recent years, which has been our actual computer Power Ratings. These are Northcoast Sports Plus or Minus Power Ratings.

2010 TOUGHEST OPPONENT UNITS FACED

WHAT ARE THE TOUGHEST OPPONENT RANKINGS?

These rankings go far beyond the NCAA's straight statistical ranking of each team. For example last year Bowling Green ranked #3 in the NCAA avg 40.8 ppg, but ranked #39 in our scoring off rankings. However they faced the #114th schedule of scoring defenses. As you can see, the NCAA's statistical rankings can be misleading. In the upcoming weeks we'll provide examples of this year's statistical disparities. These are the current rankings for this year. Here are the teams that have taken on the toughest & easiest schedules.

NOTE: Power Plays - PP COLLEGE FOOTBALL NOVEMBER 18-23, 2010

The Power Plays Newsletter consists of forecasts that are made by a special Power Plays rating system. This is a system developed many years ago and we regard it very highly. In our final analysis of the plays the Power Plays forecast takes up anywhere from 25 to 30% of our total analysis. You will see in the Power Plays Newsletter in the write-ups that we agree with the majority of the Power Plays forecasts. However, there are times when we will disagree with the Power Plays forecast. We want to make it clear that this is the Power Plays Newsletter and these forecasts are based purely on the power ratings. You should never use just one method, system or angle to determine your handicapping. The times that we disagree with the Power Plays Newsletter we will clearly note it. If the Power Plays rating is strong enough to be a 4* Play, yet we are on the other side of the game, we will clearly state that we like the other side of the game.

Power Plays is based upon statistical numbers & rankings that are used to develop the projections you see here. As with all types statistical information the more numbers that one inputs ordinarily the stronger the accuracy of the results. Therefore, one would expect the projections to be more reliable after a number of weeks worth of stats are input. The numbers in parenthesis are a comparison of the teams rankings (Visitor, visitors offense ranking vs home defense ranking, Home home offensive ranking vs visitor defensive ranking) over each teams last 4 games.

NY JETS	160	293	33	0.8	#7

(HOU #8 vs NYJ #3, NYJ #4 vs HOU #29) - Instead of frunning out the clock & going to OT LW HOU fumbled at midfield. This set up a tipped Hail Mary on the final play that gave JAX the win & HOU is in another midseason slump (1-4 SU & 0-4-1 ATS) that could cost them a playoff spot. The Jets are the 1st team to win B2B OT games on the road in NFL history. They had a 456-303 yd edge & now get a beat up HOU team on the road for the 2nd straight week. PP gives NY a 132 yd edge & more than enough for the win here. Despite going all of OT for the win the Jets defense was only on the field for 59 snaps & we agree with PP here.

(BAL #12 vs CAR #16, CAR #32 vs BAL #25) - BAL's defense isn't as intimidating as previous units but they are better than most. They have 3 extra days to stew over giving up a 7 play/80 yd drive TD drive in just 45 sec that cost them the game. CAR has only scored 9 offensive TD's on 110 drives TY & 12 of their L15 giveaways have resulted in opposing pts. CAR lacks the talent & experience to rally from a big deficit & with the rookie wall due to hit the youngest team in the NFL vs physical Ravens team we agree with PP here.

(WAS #24 vs TEN #20, TEN #25 vs WAS #23) - WAS is off a big MNF rematch vs PHI & get a TEN team off a surprise loss to MIA. Moss only had 1 rec for 26 yds in a quiet debut & Collins left with a calf injury. TEN was unprepared to deal with the Wildcat or a mobile QB with Thigpen after knocking out the top 2 QB's. PP calls for a very even game here & without a line due to MNF this is a No Play.

(DET #19 vs DAL #32, DAL #32, DAL #23 vs DET #10) - Kitna goes up against his former team as both teams prep for their Thanksgiving games. DAL snapped a 5 game losing streak by responding to a stricter interim HC with Garrett. However both of their starting CB's (Newman & Jenkins) left due to injuries. DET reset their own NFL road losing streak at 25 vs BUF LW playing in poor weather in their 1st road game in a month. PP calls for DET to pull the upset but we think Garrett can finally get the Cowboys to play up to their talent level here. The side is a No Play but the Over is worth a small look here.

(GB #18 vs MIN #12, MIN #4 vs GB #14) - MIN was beat up in all phases LW vs CHI in what Favre called a "must win" game. They may not have Harvin (left ankle) here as he hurt himself at the start of the 2H. GB will be refreshed after their bye week which helped their injury report greatly. PP calls for GB to pull the outright upset here but we dont agree here. MIN's defense feeds off the crowd noise (+92 ypg, 70% comp by Favre), they were 2 bad officiating calls that kept them from beating GB on the road despite Favre's mistakes & they know they have no margin for error. This is a No Play.

(BUF #11 vs CIN #18, CIN #22 vs BUF #21) - BUF got its 1st win of the year at home in poor weather vs the worst road team in NFL history playing with a 1 armed QB. CIN is off B2B losses to a pair of quality foes as they struggle to run the ball (-36 yrg 0.4 vs LY) & rush the passer (1 sack every 34 att vs 16 LY). PP gives CIN a 163 yd edge but has this right around the line for a team that is 0-7 ATS as a HF so No Play.

(CLE #28 vs JAX #26, JAX #15 vs CLE #22) - CLE has run the gauntlet of 4 teams with a combined record of 26-10 while JAX L4 foes are 16-20. The Browns defense was on the field for 91 plays (60-65 is avg) & 2 Def starters (LB Fujita, CB Brown) are unknown here. JAX is off one of the luckiest wins of the year with a Hail Mary tip which they don't really practice. This is the game to really evaluate McCoy vs a bad pass defense as he should be able to go thru all his reads (#1 rusher Kampan IR) in a good weather venue. JAX is just 2-10 ATS as a HF & PP calls for them to lose outright to CLE here. We agree but CLE's injury situation is a concern though the Over is interesting here.

(ARZ #29 vs KC #19, KC #2 vs ARZ #31) - KC is livid after B2B Div road losses getting blown out by DEN 35-0 at the half. They now have a great matchup at Arrowhead (3-1 ATS TY) vs an ARZ team that has given up 490+ yds the L2W. KC has the coaching edge with DC Crennel vs Anderson (6.2 ypa 54% 2-4 on road TY) as he used to be his HC in CLE. PP calls for KC to have a 207 ypg edge & we think their #1 rush attack will get their 5th 200 yd rush effort here in a big win.
