NEWS AND NOTES - WEEK ELEVEN, 2010

NEWS AND NOTES: The Georgia Tech/Virginia Tech game had a lot of interesting storylines. First, VT had an extra week to prepare for the option and it didn't really show as they allowed TD's on GT's first 2 drives. A crucial play happened late 1H. VT had been picked off in the EZ and then fmbl'd a punt at midfield and GT was about to take a 21-7 lead when Nesbitt on 3&gl from the 6 was int'd at the 1. On the play Nesbitt tried to make the tackle and suffered an arm inj which put him out the rest of the game and it was 14-7 at the half. GT's Washington came into the game with 12 rush att on the season and 3 passes. He would hit 2-7-80 and rushed 11x for 45 yds. Nesbitt, who had 86 yds rushing on 6 att and before the inj, became the ACC's all-time leading rusher at QB. GT was SOD on 4&2 at the VT45 and VT went 55/8pl for a TD to tie it then drove 63/11pl for a TD and the lead, 21-14. Washington led GT 80/9pl getting a TD with 2:34 left but VT ret'd the ensuing KO for a TD. GT got to the VT17 but was int'd VT went 55/8pl for a TD to tie it then drove 63/11pl for a TD and the lead, 21-14. Washington led GT 80/9pl getting a TD with 2:34 left but VT ret'd the ensuing KO for a TD. GT got to the VT17 but was int'd in the EZ on 2&11...In what may have been a preview for the CUSA Title game, UCF jumped out to a 20-10 lead vs Houston and their first 2 drives they were SOD at the UH15 on 4&3 and fmbl'd at the UH2. The D did get the latter one back as they got 15 yd IR TD 4pl later. It was 23-10 at the half with UCF having a 338-224 yd edge. UH actually opened the 3Q with 73/5pl and 80/9pl drives for TD's and took the lead 24-23 but UCF would go 76/12pl and 62/5pl for TD's while UH settled for a 34 yd FG which made it 37-27 (10:43 4Q). UCF got an int at the UH36 and added a 27 yd FG but UH got a TD with 5:46 left, 40-33 (missed xp). UCF went on a 9pl drive but missed a 39 yd FG with 1:53 left which would have clinched it. UH converted on 4&10 out to its 46 but after dropping a FD pass on 4&10, they were SOD... In the last two weeks on the Thurs and Fri games, amazingly three teams have fumbled the ball inside the opp's 3 yd line with a chance to win the game. It happened to Florida St, W Virginia and last week W Michigan. In the WM/CM game, WM led 22-13 when CM got a TD with 1:245 left. WM got back up by 2 scores with an 18 yd TD run but it was called back on a hold. They would settle for a 46 yd FG due to pen and missed it. CM got a TD with 6:04 left but WM answered right back. Trailing 26-22, they had a 2nd & gl at the 3 but amazingly fmbl'd and CM rec'd at the 5...Miami, FI rolled up 504 yds despite not having their starting QB or RB thanks to their very talented reserves. Lamar Miller rushed for 125 yds and Stephen Morris hit 18-30-286. UM was in'd & re'd 60 yds for a TD, settled for 33 and 31 yd FG's but Maryland also settled for 27 and 23 yd FG's. A key play happened in the 3Q when UM got a 55 yd FR TD which was wiped out by a face mask pen away from the play and MD got a 23 yd FG with 9:19 left to lead 20-18. UM got PSU did have a 528-369 yd edge...Navy set a Dowdy-Ficklen Stadium record for pts scored by a team (EC or a foe) by piling up 76. The game was actually competitive as it was tied at 21 when Navy got a TD with :14 left 1H. EC fmbl'd the ball 3x in 6pl to open the 3Q as the game was played in rain. Navy got a 38 yd FG and TD drives of 29 & 21 yds. Leading 48-28, Navy rec'd a fmbl and drove 49 yds for a TD and then EC was SOD at its 50 and Navy drove 7 plays for a TD. Navy rec'd an onside kick to drive 36 yds for a TD and EC was SOD at its own 48 and Navy drove 48 yds for a TD with 3:14 left for the final score. Navy's 76 pts were the highest in program history surpassing the 74 they put up vs N Texas in 2007... Nebraska was playing without QB Taylor Martinez as well as his backup Zac Lee. Cody Green was only allowed to pass 4x in the 1H. Iowa St led 10-7 at the half thanks to a Grant Mahoney 57 yd FG with the wind was at his back. NU got a 25 yd FG early 3Q then got a 29 yd IR TD to take the lead After another int went 56/11pl for a TD to apparently take control, 24-10 but ISU went 75/12pl for a TD and NU fmbl'd the KO and ISU got a TD to tie. In OT each team scored a TD. ISU faked an xp and had an open receiver in the EZ. If the holder hit him, it would have been a 2 pt conversion but it was slightly behind him and the safety was able to int it and NU survived... Denard Robinson DNP after the 3Q of Michigan's shoot out vs Illinois. It was the highest scoring game in the history of UM football but they needed 30T's to get to 67-65. It was 31-31 at half, also the highest total in UM history. UM finished with a 676-561 yd edge. After each team scored a TD in all 30T, UM converted on their 2 pt conv and UI was sk'd for an 11 yd loss...New Mexico St had a 346-296 yd edge vs Utah St and 22-17 FD edge. USt benefitted from 84 and 68 yd KR's by Williams which set up 10 and 12 yd TD drives. USt did lead 24-20 when NMSt was SOD on 4&3 at their 27. USt knelt 3x losing 6 yds and on the final pay of the game, ran out of the back of the EZ eating up the final :08 for a safety and a 27-22 final...An interesting factor in last week's Arkansas/South Carolina game is that the game had zero baring on SC's chances at a BCS bowl or SEC Championship. Win or lose, what SC did the next week vs Florida would determine their post season destinations. SC was competitive early but left some key pts left off the board in the 1H. Mid-2Q trailing 10-7 they had a FD at the Arkansas 6 but had a 29 yd FG that bounced off the upright. At the end of the half with :13 left SC got a 3 yd TD pass to make it 24-14 but a questionable of fensive pass interfer call took the pts off the board and they settled for a 29 yd FG. With RB Lattimore banged up and the big game on deck, Spurrier decided to sit him most of the 2H. Trailing 41-10 SC brought in backup QB Shaw as Garcia was pulled and he led SC down to the Ark11 but took a late hit OOB and 3rd string QB Strickland would lose 1 yd and they settled for a 31 yd FG. The stadium was half empty by the end of the game but once again meant much more to Ark than it did to SC...There were plenty of interesting things to come out of the Kansas St/Texas game. UT finished with 23-13 FD and 412-270 yd edges. Collin Klein was a surprise QB starter for KSU and ran for 127 yds while hitting 2-4-9 yds. UT starting QB Garrett Gilbert threw 5 int's and UT was also stopped on a fake punt and fake FG in the game. KSU would have scoring "drives" of -1, 9 and 14 yds. UT was also int'd in the EZ from the 11. KSU's final scoring drive summed up the day for UT as on 3&4 a pers foul gave KSU a FD. KSU punted 4pl later and roughing the P gave them a FD and they got a TD 2pl later. UT blk'd the xp but KSU picked it up and ran it in for 2 to lead 39-0 before UT scored a TD with 12:55 left then went on a 70/16pl drive for a TD with :31 left...Air Force won its first Commander-In-Chief's Trophy in 8 years. It was the 17th time they've won the Award and Navy had won the last 7. AF won for the 7th straight time AF got a 2 yd TD run with :13 left in the half word start with the game at 28-16, AF got a 53 yd FR TD. AF only outrushed Army 277-244 and Army actually had a 19-18 FD edge...Minnesota played a decent game vs Michigan St as they were only outFD'd 16-14 and outgained 320-267. UM missed a 32 yd FG and was SOD on 4&1 at the MSU41 early 2Q. MSU twice in the 1H went for it on 4th & gl. The first got them a 1 yd TD run with 6:03 left in the half, the 2nd with no time left resulted in a Baker 2 yd TD run and the daring calls made it 21-0 at half instead of just 13-0. UM got to the MSU12 and was into in the EZ and at the end of the game, UM was SOD on 4&1 at the MSU25...For the 2nd straight year Indiana almost upset lows. The story of the game was each team driving the length of the field and consistently settling for FG's. lowa had a 66/10pl drive for a 23 yd FG, Indy went 59/8pl for a 37 yd FG, lowa had drives of 11 and 12 plays result in a short 27 yd FG and a missed 22 yd FG. Indiana went on 8 & 12 pl drives for 38 and 28 yd FG's and was also into at the lowa18 in a 6-6 1H. Indy broke through with a TD late 3Q, 13-9 but punted at the lowa42 on 4&3 with 3:46 left up 13-12 and lowa got went on 8 & 12 pl drives for 38 and 28 yd FG's and was also int'd at the lowa18 in a 6-6 1H. Indy proke through with a 1D rate 3Q, 13-9 but puritied at the lowa42 on 400 with 3-10 and you a 52 yd TD pass with 2:50 left. Indy got to the lowa18. On 4&10 they had an open rec in the EZ but he dropped the TD pass and Indy just missed the upset...Clemson fmbl'd 5x losing 2, threw an int, had a TD called back on holding and missed 2 short FG's. NCSt had a 30 yd FG blk'd and was int'd in the EZ. CU got a TD with 6:18 left for the 14-13 lead and NC was SOD on 4&10 at its own 26 with 1:50 left... Florida started out slow as it was 44° at their 11:21 am CT start vs Vanderbilt but the Gators would heat up and had 480-109 yd and 24-7 FD edges. There were actually 3 blk'd punts, 2 ret'd for TD's and another set up a 3 yd TD "drive". UF blk'd 2 of the punts and earned 14 pts while VU earned 7 off of it. It is also possible that UF Jordan Reed won the starting QB job as he hit 11-19-120 and QB'd almost the entire 2H. UF led 41-0 at half and delivered an easy 4° ** winner for us...Louisville was without starting QB Froman and RB Powell but Justin Burke hit 13-25-143 yds and Jeremy Wright and Victor Androus Power and Powell but Justin Burke hit 13-25-140 yds and Jeremy Wright and Victor Androus Power at half and led 17-14. Ill, went on 60/10nl and 90/12nl drives for TD's to derson combined to rush 29x for 143 yds. Surprisingly UL was able to knock off Syracuse on the road. SU had a 194-106 yd edge at half and led 17-14. UL went on 60/10pl and 90/12pl drives for TD's to

open the 3Q to take a 28-20 lead. Their last drive started with 5:01 left and went 9pl running out the clock...Purdue gave QB Sean Robinson his first start and he hit 19-38-141 yds and rushed 12x for 31 yds but his 3 int's were the key to UW getting the cover. PU actually led 10-6 at the half with a 173-126 yd edge. PU's O-line was controlling UW's D-line on a late drive. The key to UW's 3 TD win was three 2H int's. PU's 3rd pass of the 2H was int'd and ret'd 14 yds to the 18. Five plays later UW had a TD. UW led just 20-13 when with 9:27 left they got an IR 26 yds to the 14. Two plays later PU was int'd and ret 36 yds for a TD and UW stunningly led by 21. PU was SOD on the UW25 with 5:50 left and UW got 3 FD's running out the clock.

GAME OF THE YEAR ALERT! SATURDAY, NOY 13TH 22-6 79% IN OUR HISTORY FOR COLLEGE SIDE GOY'S!!

News and Notes continued from Front page....BYU's domination of UNLV was even more than the final score of 55-7. The game was 55-0 when BYU went for it on 4&8 and simply ran the ball into the middle of the line for no gain with 3:16 left. UNLV at this point had just 74 yards offense and gained 70 yds on their final 11 plays and on the last play of the game, got a 24 yd TD pass to avoid the shutout... It may have been the true start of the Turner Gill era and the end of the Dan Hawkin's era What looked like a glorious game for Hawkins and Colorado had them ahead 45-17 in the 4Q over Kansas. The 4Q was a nightmare. It was the greatest comeback in KU history and also the first time in KU history they scored 35 pts in a single quarter. KU snapped an 11 game conf losing streak. Trailing 45-17 KU converted on 4&1 for a FD and got a 13 yd TD on the next play. They then rec'd an onside kick and drove 59 yds for a TD. CU fmbl'd and KU ret'd it 28 yds for a TD with 7:12 left. The Jayhawks got an int and drove 47/5pl for a TD to stunningly tie it. CU punted with 2:49 left and KU went 63/5pl with a 28 yd TD run for the lead. CU had a chance to tie and in fact had a 1st & gl at the 7 but their final 2 passes fell incomplete... Tulsa was coming off their upset of Notre Dame and still dominated Rice despite giving up a 50 yd TD pass on Rice's 2nd offensive play of the game and a 55 yd TD pass on the 5th play of the 3Q. At half TU led 41-7 and had a 440-193 yd edge. Rice trailed 37-13 when they scored TD's on B2B drives to pull within 57-27 with 10:56 left. TU brought in backup QB Shavodrick Beaver and they went 80/16pl eating up 9:52 scoring a 1 yd TD with 1:04 left for the 64-27 final...It was an exciting home crowd with ESPN GameDay on hand as TCU came into Utah as some fans camped out 30 hrs in advance but the game was dominated by TCU. At the half TCU had 23-5 and 328-72 yd edges. TCU led 40-0 when Utah was given a TD late. Asiata's knee was down at the 3 but he was given the TD and it was not reviewed and that was just TCU's 3rd conf TD allowed all year. TCU finished with a 558-199 yd edge...Boise St made a strong statement for their BCS contention by wiping out red-hot Hawaii. BSU had a 30-11 FD edge and a school record 737 yds while holding a potent UH offense to just 196. It was just 21-0 at the half and BSÚ scored TD's on their first two 3Q poss. BSU pulled QB Moore with 13:16 left in the 4Q.

BACKDOÓR/FRONTDOÓR COVERS: Oregon was playing their first game as #1 in the BCS and was taking on a Washington team without QB Jake Locker. Surprisingly the Huskies stayed with UO throughout much of the game. UW was within 18-13 with 13:11 left in the 3Q and 25-16 with 6:14 left in the 3Q. The Ducks went 76/9pl and 54/5pl for TD's then after a 69 yd PR went 16/5pl for a TD to lead 46-16. UO then went 90/11pl getting a 30 yd TD run with 4:34 left to

get ahead of the spread. UW did ret the KO to the UO41 but punted on 4&19.

These Power Play Forecasts are the most unique in the country because they are based on **Northcoast Sports' Private Power Ratings**. Our ratings are unlike any computer rating, as we take into account all of the following: Strength of Opponents Individual Units (Rushing Offense and Defense, Passing Offense, & Defense, Scoring Offense and Defense, Garbage Yards, Weather, Injuries, Home Field Edge, and Successful Unbalanced Attacks). Here is how each is reflected:

Strength of Opponent: Our ratings do not just take the opposing team's overall power rating into account. For example, in 1992, Washington's defense vs the rush was rated at a "110" (From 1-100). They faced Colorado and allowed 183 yds rushing and dropped 12 spots in the national rushing defense ratings. However, Power Plays took into account the potent Buffalo run attack and had forecasted the Huskies yielding 225 yds. Due to the fact they did better than the forecast, Power Plays raised their rating

BIG FAST

ACC

to 112 even though they slipped in the national (straight yardage) rankings.

Another example was Michigan vs Purdue in 1989. Michigan held Purdue to just 45 yards rushing and improved their ratings in rushing defense in the national statistics. However, our ratings had them rated at a 102 and moved them down to 99, as they should have yielded just 32 yards to an impotent Purdue rush attack. Next time an announcer on TV tells you that a certain team is #3 in the country vs the run you better check Northcoast Sports' Power Ratings and see how good a rush defense they really have! The 4+ OFER 63' top twenty ratings in Power Ratings for each offensive and defensive category will be listed in each week's issue of Power Plays.

Garbage yards: These are yards that a team gains or allows in the final minutes of a game when it has been decided. For example, Team A is ahead 63-0 and allows 93 yards passing for a TD vs its fourth string defense. These yards are counted into

national ratings, but not in Northcoast Sports' Power Ratings!

Weather: If a game is played in miserable weather conditions and is low scoring, the straight statistics credit the defense with

SUN BELT

outstanding performances. Our Power Ratings reflect the conditions and do not give excess credit to the defenses.

Injuries: When South Carolina played NC State in 1989, South Carolina QB Todd Ellis was injured on the third play of the game. His backup, who had seen very little action all year, was not prepared and hit on just 4 of 13 passes for 65 yards. The offensive coordinator did not risk any passes. In the national statistics NC State's pass defense MOVED UP 14 NOTCHES. In our Power Ratings they **stayed the same**, as the low yardage WAS NOT reflective of an outstanding performance by the defense.

Home Field Edges: The weekly projection of yards and points is weighted with the home field factored in.

Successful Unbalanced Attacks: In '89, Ohio St was held to 127 yards pass vs N'western. This dropped OSU in the national passing offense ratings & RAISED the Wildcats in the pass defense ratings. In our ratings the two units remained rated the same. Why? OSU rushed for 456 yards & DID NOT HAVE TO PASS & when they did they hit 9 of 11 passes, which is VERY effective. While Northwestern's pass defense looked good in the national ratings, only Northcoast Sports' Power Ratings reflected the TRUTH!

There you have it. More than just numbers, THESE RATINGS REFLECT the true strength of each unit and allow them to have the most accurate forecast of

yards gained and points allowed in the country! No other rating system takes into account all the previous factors. Next time you hear that a team is rated third in the country in pass defense, just remember, yards are not everything and Northcoast Sports' Power Plays will show you how strong the team really is

The Power Ratings listed below are not based on the Power Plavs, they are based on last year's final computer power rating numbers with the pluses and minuses from the off season changes factored in. They are then adjusted during the course of the season based on the final score of the games that are played on a weekly basis. The Power Ratings listed below can be used for you as a base power ratings to forecast up coming lines and strength of opponents, etc. Once again, they are not based on Power Plays and they differ from what we have shown in recent years, which has been our actual computer Power Ratings. These are Northcoast Sports Plus or Minus Power Ratings.

2010 TOUGHEST OPPONENT UNITS FACED

SCORING

WHAT ARE THE TOUGHEST OPPONENT RANKINGS?

These rankings go far beyond the NCAA's straight statistical ranking of each team. For example last year Bowling Green ranked #3 in the NCAA avg 40.8 ppg, but ranked #39 in our scoring off rankings. However they faced the #114th schedule of scoring defenses. As you can see, the NCAA's statistical rankings can be misleading. In the upcoming weeks we'll provide examples of this year's statistical disparities. These are the current rankings for this year. Here are the teams that have taken on the toughest & easiest schedules.

(BAL #4 vs ATL #22, ATL #12 vs BAL #26) - Thursday - The NFL Network starts its regular season broadcasts with a game between division leaders. BAL dominated MIA LW & didn't have to punt once. ATL got a tough game from TB but the defense kept their composure for the win. PP calls for a 1 pt victory by the road team but we'll pass for now as we need to see what the injury reports & lament the fact that most of the nation won't be able to see the game.

(CIN #9 vs IND #11, IND #7 vs CIN #23) - Despite a slew of injuries the Colts on the road gave the Eagles coming off their bye a run for their money. IND is only 3-9 ATS after losing by 3 or less as the public inflates the line. CIN entered LW's MNF game on a 4 game SU & ATS losing streak but were going to have their entire starting secondary healthy vs PIT. Neither team has a competitive pass defense (HOU #32 JAX #28) & the pass rush for both teams have combined for 26 sacks so far (TEN has 26 sacks). (TEN #15 vs MIA #16, MIA #16 vs TEN #27) - The Titans are off their bye week (6-2 ATS) & basically swapped out Moss for Britt to keep the vertical threat & take a safety away from RB Johnson. MIAs swapped out most for bill to keep the vertical times a clare a safety away from 14 50 billsoft. MAS defense has been playing better than their ranking the L4W but the offense's inability to put TD's on the board has hurt them. MIA hasn't scored more than 2 off TD's in a game TY & just 3 the L3W. MIA's 4 victories TY have been by a combined 19 pts & TEN has shown they can play physically (NYG) or in shootouts (DAL) & we'll side with the road team here.

(MIN #8 vs CHI #5, CHI #29 vs MIN #10) - LW's games give some solid line value here. MIN posted 14 pts in the final 3:35 to send the game to OT for the win. They did give up 2 TD's on a KR & fumble return but they outgained ARZ 507-225 as they gave up just 3 FD's on 9 ARZ's 11 drives. Off their bye, CHI struggled to put away a beat up BUF team needing a Fitzpatrick Int to set up a short drive inthe 4Q for the win. MIN's defense got a much needed confidence boost with 6 sacks & 8 tfl's now get a CHI OL that has given up 1 sack every 7.5 pass att's with Cutler. We now have a dome team that hasn't been on the road in 3 Wks travelling to a winless, desperate BUF team that has lost 3 straight games by a FG. BUF outgained CHI by 63 yds LW & while it doesn't sound like much their +9 yds the L4W is 12th in F the NFL. Power Plays is based upon statistical numbers & rankings that are used to develop the projections you see here. As with all MLB Dan Connor (hip) as well & that could be the crack that splinters a young & thin defense that has types statistical information the more numbers that one inputs ordinarily the stronger the accuracy of the results. Therefore, overachieved TY despite the record. TB gave ATL a good challenge LW but now are in the unfamiliar one would expect the projections to be more reliable after a number of weeks worth of stats are input. (KC #3 vs DEN #31, DEN #18 vs KC #15) - DEN finds itself in a great situation off a bye week vs a KC team off B2B OT games & travelling to a Div foe for the 2nd straight week. KC dominated the 1H vs OAK allowing 2 FD's & 49 yds. OAK seized the momentum in the 2H with a 94 yd KR & followed it up by forcing a fumble on KC's ensuing KR. KC was outgained 272-135 the rest of the way. DEN will be more focused & Orton should have a healthy set of RB's for the 1st time TY. STL has used a short passing game the L4W (5.3 ypa #30) & outstanding defense (281 total ypg 5.5 ypa allowed 7th) to control games & keep Bradford out of trouble.
