**NEWS AND NOTES - WEEK ELEVEN 2011** 

NEWS AND NOTES - One week after breaking the MAC record for combid TD's (17) in a 63-60 loss to Northern Illinois, Toledo came right back and had 37-32 FD and 804-635 yd edges and beat W Michigan 66-63 in regulation, setting MAC records again...Houston had a streak of 19 straight quarters with a score surprisingly end vs Tulane. Surprisingly, because the final was 73-17. In the 10 Uh had 1 poss and phey pot 12 FDs and punted. TU had 15 and 8 pl drives but was intd in the EZ and punted and it was scoreless. UH got a 72 yd TD run with 18 left in the half to go up 35-10 and had a 373-322 yd edge at the half. UH had a 70 yd PR TD by Edwards early 10, and in the 4Q a 76 yd PR TD by Payne. Backup OB Turner engineered scoring drives of 59 and 79 yards for UH and their final drive ended at the TU25 taking a knee... Pittsburgh had 396-280 yd and 21-15 FD edges with Louistle's TDs coming on an 11 yd drive after a 7 yd punt, and trailing 21-7 they drove 71/7p for a TD with 12 left. Pitt remains in the Big East race... Tulse piled up a season high 682 yds vs Marshall and finished with a 32-16 FD edge. TU actually had a 414-148 yd edge at the half and led 42-3 going through the monitions in the 2H... Vanderbilt got their biggest win over Kentucky since 1969 and matched their largest margin in an SEC game since 1971. VU finished with a 28-9 FD edge and in the 11 Had a 278-41 yd edge. Kentucky bobbied a snap and was tilt'd at their own 3 on a punt and VU got a TD 3p later and VU would lead 24-0 at the half... South Carolina won its 6th SEC game for the first time since joining the league in 1992 but need Georgia to lose to Kentucky next week to get back to the SEC Title game. Florida led 3-0 when SC drove 62/11p for a TD with 7:07 left in the half then rec'd a finally. Converting on 481 with 200 yd a 28-yd yd edge and 10 to 30 yd yr and 10 yd yr an and week of 10 yd yr and y

leads of 14-0 in the 2Q and 31-21 with 6:38 left. A&M did finish with a 482-411 yd edge but settled for a 20 yd FG in the 4OT and KSU got a 1 yd TD run for the 55-50 win.

CONTROLLING THEIR OWN DESTINY - Wisconsin now controls their own destiny in the Big Ten as they outgained Minnesota 461-156 with UM getting a 96 yd KR for a TD in the 3Q. UW got ahead of the spread with a TD with 9:07 left in the game after UM had been SOD on 4&1 at the 50. UM also scored on a fake FG for a TD but were outFD'd 29-9. UM QB MarQueis Gray had a bad back and his girlfriend had just given birth to twin boys on Friday and he hit 6-14-51...Michigan St controls its destiny in the Big Ten and just needs to win in their final 2 games. MSU had a 19 yd drive after an int then after a 20 yd PR, drove 35 yds for a TD with 1:57 left in the half then lowa fumbled the KO and MSU got a TD 2pl later for their commanding 31-7 HT lead. They did have a 269-153 yd edges at the half while lowa finished with a 20-19 FD edge for the game...Georgia just keeps getting better each and every week. Versus Auburn they had 30-10 FD and 528-195 yd edges. They now just need to beat Kentucky to find themselves in the SEC Championship game. Isaiah Crowell and Carlton Thomas (both susp'd LW) each topped 100 yards rushing and UGA led 35-7 at the half with a 328-89 yd edge...It seemed a bowl was almost impossible for Navy but they've now pulled 2 straight upsets and only need to beat SJS and Army where they will be favored in each to get back to bowl eligibility at 6 wins. Navy has won 5 straight vs SMU. SMU finished with a 386-335 yd edge. SMU's last 2 drives of the 1H went 74/13pl but on 3&gl from the 6 they were int'd in the EZ then went 79/14pl for a 28 yd FG, 10-3. SMU was SOD at the Navy 21 late 3Q and trailed 24-10 when they got a TD with 3:40 left but Navy converted on 3&7 and 3&4 for FD's to run the clock...Clemson finds itself in the ACC Title game after they overcame a 28-14 deficit vs Wake Forest and kicked a 43 yd FG on the final play for the win. CU f

and led 14-7 when WF got a 50 yd PR TD and then after a fmbl a 25 yd drive for a TD and after an int, drove 44/4pl for a TD.

FRONTDOOR COVERS - Memphis led UAB 35-17 after 3Q's. UAB settled for a 24 yd FG, drove 70/9pl and 69/4pl for TD's but the 2 pt conversion failed with 7:08 left and they still trailed by 2. UAB went 77/10pl and got a TD with 1:36 left, not only for the win, but for the frontdoor cover. MEM got to the UAB43 after a personal foul but on 48.10 fired incomplete. UAB did finish with a 601-384 yd edge...Army got a TD with 14:02 left in the game but missed the xp and trailed Rutgers 13-12. Army was punting with 6:36 left and RU blk'd the punt and ret'd it 32 yds for a TD to make it 20-12. Army was SOD at the RU41 with 2:21 left. On 38.7 after Army had used 2 time-outs, so one FD would have ended the game, Jamison broke through a hole and raced 56 yds for a TD to give RU the frontdoor cover. Army was SOD at their own 26 and RU finished with a 314-305 yd edge, thanks to that 56 yd run.

WINDY GAMES - NC State CB David Amerson extended his school record with his 10th int in the 1H and NCSt had a 267-190 yd edge. Boston College had a 92-88 yd edge at the half and led 14-3 on a very wind day where the winds affected FG's and punts...The winds gusted up to 60 mph for the Wyoming/Air Force game but surprisingly WY (more of a passing team) pulled out the win. Bretice of the province of the first passing team) pulled out the win. Bretice of the province of the first passing team) pulled out the win. on a very wind day where the winds affected FG's and punts...The winds gusted up to 60 mph for the Wyoming/Air Force game but surprisingly WY (more of a passing team) pulled out the win. Brett Smith hit 17-30-139. AF hit just 2-5-(-1) but don't normally pass anyway. The goal posts were teetering, tents in the parking lot were toppled and the fighter jet fly over was scrubbed. WY delivered their and outright upset as a Big Dog Play for us this year and a 12 yd punt with 3:22 left in the half set up them for a 42/7pl TD drive and the lead, 12-7. They did trail 17-12 but got a TD with 7:40 left and AF fmbl'd at the WY24 and then fmbl'd and it was ret'd 48 yds for a TD with :25 left to make an 18-17 game

a 25-17 final. Wy finished with a 351-311 yd edge... Colorado and Arizona was played in 45 mph winds which gusted up to 71 mph in the 4Q. Nick Foles still hit 35-53-352 yds but UA trailed by 24 points in the 3Q and CU had 273-60 yd edge. The Buffs delivered yet another Big Dog outright upset winner.

BIG DOG NEAR MISSES - The Big Dog Play of the Week has had a remarkable run of outright upsets. It's also had a remarkable run where huge underdogs have blown double digit leads in the 4Q and lost by a point or 2 at the end of the game. Last week it was more of the same. Kansas was a Big Dog POW and led Baylor 24-3 in the 4Q. The cover was never in question but KU appeared on its way to a huge outright upset. BU got a TD with 11:45 left to pull within 24-10, a 36 yd TD with 7:58 left to make it 24-17 and then a 67 yd TD pass with 3:32 left to tie it. KU was nearly in FG range when on 2&10 from the BU39 they were int'd at the 25. In OT each team got a TD but smartly KU went for 2 but unfortunately did not get the 2 pt conversion...

BIG DOG NEAR MISSES - Cont'd from pg 1 - San Jose St had a 30-21 lead and had the ball at the Utah St 7 when they settled for a 24 yd FG with 8:13 left which kept Utah St within 12. USt got a TD on 3&14 with 5:14 left and then a 21 yd TD pass with :41 left to escape with a 1 pt win. SJS did attempt a 67 yd FG on the final play but it was blkd...Colorado St lost QB Pete Thomas in the 2Q. He had taken every snap at QB this year and Garrett Grayson hit 6-15-26 yds in his place. Still, SDS took the lead 18-15 with 5:49 left and CSU's final drive did get to midfield where they were SOD.

INJURIES OF NOTE - There could be bad news for Cincinnati who had the Big East in their control. QB Zach Collaros was on the sideline on crutches after being inj'd in the 2Q vs WV. That injury changed the entire BE race. Bkp QB Legaux hit 10-21-144. Even with the bkp QB, UC which wore all red uniforms for the first time since 1993, had a shot at the win. They led 21-17 but gave up a 4Q TD and then UC had a FD at the WV22. On 3&3, Legaux ran for 1 yd and they went for the 31 yd FG for OT but it was blk'd... Texas had 2 RB's come into the game questionable but neither Malcolm Brown or Joe Bergeron played vs MO. Foswhitt Whittaker left with an ankle inj in the 1Q. UT was held without a TD for the first time since 2004 and lost to Missouri for the first time since 1997. UT went 77/12pl for a 27 yd FG and got into MO terr on their next drive but their offense slowed down and MO did enough for a 17-5 win finishing with a 338-247 yd edge.

These Power Play Forecasts are the most unique in the country because they are based on Northcoast Sports' Private Power Ratings. Our ratings are unlike any computer rating, as we take into account all of the following: Strength of Opponents Individual Units (Rushing Offense and Defense, Passing Offense, & Defense, Scoring Offense and Defense, Garbage Yards, Weather, Injuries, Home Field Edge, and Successful Unbalanced Attacks). Here is how each is reflected:

Strength of Opponent: Our ratings do not just take the opposing team's overall power rating into account. For example, in 1992, Washington's defense vs the rush was rated at a "110" (From 1-100). They faced Colorado and allowed 183 yds rushing and dropped 12 spots in the national rushing defense ratings. However, Power Plays took into account the potent Buffalo run attack and had forecasted the Huskies yielding 225 yds. Due to the fact they did better than the forecast, Power Plays raised their rating to 112 even though they slipped in the national (straight yardage) rankings. Another example was Michigan vs Purdue in 1989. Michigan held Purdue to just 45 yards rushing and improved their ratings in rushing defense in the national statistics. However, our ratings had them rated at a 102 and moved them down to 99, as they should have yielded just 32 yards to an impotent Purdue rush attack. Next time an announcer on TV tells you that a certain team is #3 in the country vs the run you better check Northcoast Sports' Power Ratings and see how good a rush defense they really have! The top twenty ratings in Power Ratings for each offensive and defensive category will be listed in each week's issue of Power Plays.

Garbage yards: These are yards that a team gains or allows in the final minutes of a game when it has been decided. For example, Team A is ahead 63-0 and allows 93 yards passing for a TD vs its fourth string defense. These yards are counted into national ratings, but not in Northcoast Sports' Power Ratings!

Weather: If a game is played in miserable weather conditions and is low scoring, the straight statistics credit the defense with outstanding performances. Our Power Ratings reflect the conditions and do not give excess credit to the defenses.

Injuries: When South Carolina played NC State in 1989, South Carolina QB Todd Ellis was injured on the third play of the game His backup, who had seen very little action all year, was not prepared and hit on just 4 of 13 passes for 65 yards. The offensive coordinator did not risk any passes. In the national statistics NC State's pass defense MOVED UP 14 NOTCHES. In Phil's Power Ratings they stayed the same, as the low yardage WAS NOT reflective of an outstanding performance by the defense.

Home Field Edges: The weekly projection of yards and points is weighted with the home field factored in.

Tulane

Successful Unbalanced Attacks: In 1989, Ohio St was held to 127 yards passing vs Northwestern. This dropped OSU in the national passing offense ratings & RAISED the Wildcats in the pass defense ratings. In our ratings the two units **remained** rated the same. Why? OSU rushed for 456 yards & DID NOT HAVE TO PASS & when they did they hit 9 of 11 passes, which is VERY effective. While Northwestern's pass defense looked good in the national ratings, only Northcoast Sports' Power Ratings reflected the TRUTH!

There you have it. More than just numbers, THESE RATINGS REFLECT the true strength of each unit and allow them to have the most accurate forecast of yards gained and points allowed in the country! No other rating system takes into account all the previous PRO GOM TBA - call comp tape for updates factors. Next time you hear that a team is rated third in the country in pass defense, just remember, yards are not everything and Northcoast Sports' Power Plays will show you how strong the team really is.

The Power Ratings listed below are not based on the Power Plays, they are based on last year's final computer power rating numbers with the pluses and minuses from the off season changes factored in. They are then adjusted during the course of the season based on the final score of the games that are played on a weekly basis. The Power Ratings listed below can be used for you as a base power ratings to forecast up coming lines and strength of opponents, etc. Once again, they are not based on Power Plays and they differ from what we have shown in recent years, which has been our actual

NOTE: Power Plays - PP COLLEGE FOOTBALL NOVEMBER 17<sup>TH</sup> - NOVEMBER 22<sup>ND</sup>, 2011

Welcome to this week's issue of Power Plays. The Power Plays Newsletter consists of forecasts that are made by a special Power Plays rating system. This is a system developed many years ago and we regard it very highly. In our final analysis of the plays the New Plays forecast lakes up anywhere from 25 to 30% of our total analysis. You will see in the Power Plays Newsletter in the write-ups that we agree with the majority of the Power Plays forecasts. However, there are times when we will disagree with the Power Plays forecasts. We want to make it clear that this is the Power Plays Newsletter and these forecasts are based purely on the power ratings. You should never use just one method, system or angle to determine your handicapping. The times that we disagree with the Power Plays Newsletter we will clearly note it. If the Power Plays rating is strong enough to be a 4★ Play, yet we are on the other side of the game, we will clearly state that we like the other side of the game. Yards

OAKLAND	138	200	18	1.9	#9
MINNESOTA	175	141	24	1.3	#13

(OAK #8 vs MIN #25, MIN #12 vs OAK #10) - OAK comes in with extra rest after their big win vs SD LW while MIN's MNF game vs GB isn't factored in here. Palmer's comfort level with the team will only continue to grow & he's got an excellent OL to work with as he does. MIN has 15 of their 24 sks at home TY & Ponder will be in a more friendly environment after being at Lambeau Field. PP calls for MIN here but we want to see a real line before making a call so No Play.

DETROIT	142	283	34	2.8	#26

(CAR #11 vs DET #5, DET #16 vs CAR #22) - Bad teams have been bad coming off byes TY & CAR was no exeception LW getting held to zero 1st Dns on 7 f 13 drives LW. TEN kept Newton in the pocket for most of the game LW & kept their big play potential in check. They now face a Lions team that imploded off their bye with 6 TO's with 2 Ints being returned for TD's also giving up an 82 yd PR for a TD. PP gives DET the 2nd biggest vardage margin here (157) but the Lions are struggling without a run game to balance out their offense. With GB on deck for Thanksgiving this is a No Play.

GREEN BAY	166	260	31	0.9	#24

(TB #19 vs GB #31, GB #3 vs TB #32) - This is a letdown spot for GB who are off a MNF game vs MIN & have a road game vs DET on deck for Thanksgiving. TB has lost 3 straight as their youth in the front 7 is struggling giving up 423 ypg & 29.3 ppg in the process. GB clearly has the superior talent, health & homefield edge but the lack of a solid line which is likely to be sizeable & the situation here has us temper the grade

(DAL #5 vs WAS #23, WAS #30 vs DAL #20) - DAL comes in having won 2 straight by 10 & 37 pts & are 5-2 ATS prior to Thanksgiving. Shanahan's Redskins (9-16 SU/11-12-2 ATS) are at Jim Zorn

some sparks LW in moving the ball LW he turned the ball over twice as the team was starting to gain momentum. DAL is only 3-10 ATS vs WAS with a 51 yd edge here keeping this from being stronger.

SAN FRANCISCO	146	218	26	1.5	#1

(ARZ #27 vs SF #12, SF #20 vs ARZ #28) - SF is off to their best start since 1997 due to quality leadership from Jim Harbaugh. SF has not allowed a 100 yd rusher in 31 straight games while only allowing more than 20 pts twice this season. ARZ is off big road win vs PHI and have to travel for the 3rd time 4 Wks with an OT game vs STL thrown in. PP gives SF a 12 pt margin here but a 54 yd edge here with a cross country road game on Thursday on deck tempers the grade.

(SEA #21 vs STL #16, STL #22 vs SEA #14) - The Rams escaped CLE with a win by pounding the ball (32 att's 4.2) and keeping Bradford clean (1 sks). They also got a lucky break on special teams after 2 bad ones vs ARZ who they outgained 383-262 on the road. SEA was in a good situation LW at home catching BAL off a big win vs PIT with 2 big home games on deck. SEA has been outgained 367-265 on the road TY & after losing their top 2 CB's earlier TY could be w/o breakout SS Kam Chancellor (55 tkls 3 int) due to a concussion. PP has this right at the line though making it a No Play.

(SD #10 vs CHI #9, CHI #14 vs SD #27) - The Bears have won & covered 4 straight as Martz went back to what made them the NFC North Champ LY in keeping Cutler upright & maximizing the players on the field. SD has lost 4 straight due to injuries, bad special teams coverage units & the #23 red zone defense. SD has extra rest to try & get key players back here & are the more desperate team. PP gives CHI a 15 pt win but we think the Chargers have some life left in them & disagree.

PHI is off a tough loss vs ARZ & are wondering what happened to their season. PHI is 6-1 SU & ATS vs the Giants & could be a very dangerous spoiler the rest of the season. Season.
