conditions and is low scoring, the straight statistics credit the defense with outstanding performances. Our Power game is played in miserable weather

Weather: If a game is played in miserable weather conditions and is low scoring, the straight statistics credit the defense with outstanding performances. Our Power Ratings reflect the conditions and do not give excess credit to the defenses. Injuries: When Missouri played Vanderbilt last year, Tigers QB James Franklin was injured early in the game. His backup, who had seen very little action (rFr), was not prepared and hit on 30%, 9-30 passes. The offensive coordinator simplified the offense. In the national statistics Vanderbilt's overall defense MOVED UP 8 NOTCHES. In Phil's Power Ratings they went from #11 dropping out of the Top 15, as the poor performance WAS NOT reflective of an outstanding performance by the defense. Home Field Edges: The weekly projection of yards and points is weighted with the home field factored in. Successful Unbalanced Attacks: Last season, Tulsa was held to 155 yards passing vs Houston. This dropped Tulsa in the national passing offense ratings & RAISED the Cougars in the pass defense ratings. In our ratings the two units **remained** rated around the same. Why? Tulsa rushed for 350 yards & DID NOT HAVE TO RELY ON THE PASS & when they did they hit 18 of 32. While Houston's pass defense looked good in the national ratings, only Northcoast Sports' Power Ratings reflected the TRUTH! There you have it. More than just numbers, THESE RATINGS REFLECT the true strength of each unit and allow them to have **the most accurate forecast of yards gained and points allowed in the country! No other rating system takes into account all the previous factors. Next time you hear that a team is rated third in the country in pass defense, just remember, yards are not everything and Northcoast Sports' Power Plays will show you how strong the team really is.**

The Power Ratings listed below are not based on the Power Plays, they are based on last year's final computer power rating numbers with the pluses and minuses from the off season changes factored in. They are then adjusted during the course of the season based on the final score of the games that are played on a weekly basis. The Power Ratings listed below can be used for you as a base power ratings to forecast up coming lines and strength of opponents, etc. Once again, they are not based on Power Plays and **they differ from what we have shown in recent years**, which has been our actual computer Power Ratings. These are Northcoast Sports Plus or Minus Power Ratings.

COLLEGE FOOTBALL September 5th-7th NOTE: Power Plays - PP

The Power Plays Newsletter consists of forecasts that are made by a special rating system. You will see in the write-ups that we agree with the majority of the PP forecasts. How-ever, there are times when we will disagree. We want to make it clear that this is the PP Newsletter and these forecasts are based purely on the power ratings. If the PP's rating is strong enough to be a 4★ Play, yet we are on the other side of the game, we will clearly state that we like the other side of the game. With all that said here are this week's PP Selections.

First meeting. Perfect example of overreacting from week 1, USF lost by 32 vs an FCS foe and MSU won by 13 vs MAC (both non-covers). MSU is 0-7 ATS as a home favorite while USF is 6-1 SU (4-3 ATS w/3 outright upsets) in road openers. The Bulls stay within the number vs a struggling Michigan St offense that has averaged just 20 ppg the last 15.

UTSA	78	208	9	-1	_				

First meeting. The OSU offense struggled last week (25 pts below 2012's avg) and UTSA pulled an outright upset. Oklahoma St is 10-4 ATS vs non-conference, 12-4 ATS as an away favorite and cashed in that role last week. UTSA will be excited to host/play its first ever BCS team (6-3 ATS vs FBS) but with just an FCS foe on deck OSU will get back on track.

Last week the Illini got a scare from an FCS foe while Cincy dominated PU (led just 14-7 at HT). HC Tuberville was 5-0 ATS the last 2 years at Texas Tech as an AF and Illinois is 14-2 SU hosting non-Big Ten opp's. Illinois has lost 10 straight vs the FBS (1-9 ATS) but HC Beckman desperately needs a marquee win so look for this one to go to the wire.

West Virginia is 2-0 ATS (both covers by double-digits). Last week both broke in new QB's but WV overcame a 10 pt HT deficit while Oklahoma pulled a shutout vs an FBS foe. WV was 1-4 ATS away from Morgantown last year. OU is "just" 10-3 SU at home (6-7 ATS) the L2Y and Stoops wants to regain their home dominance (72-2 from '99-'10).
