POST DRAFT "A" & "D" GRADES 14-1-1 93% THE LAST 2 SEASONS HITTING 82% OVER 4 YEARS!

The Post Draft Issue grades a team's offseason a little differently than most. The grades we put into Power Sweep predict whether a team's record will improve or decline for the upcoming season. We take EVERYTHING into account. Included in the analysis are coaching changes, the NFL Draft, Free Agent signings, Free Agent losses and even favorable or unfavorable schedules. The "A" & "D" grades have been extremely accurate over the years.

We spend a great deal of time and effort making these grades and while there was no list in '11 (work stoppage), here is a recap of the past 20 years as well as the record from the last 5 years with grades ('09, '10 & '12-'14).

	"A"	Better	Worse	Same	
Last 20 years	113	89	20	4	Better 78.8%, Same or Better 82.3%
'09-'14 (excl '11)	29	24	5	0	Better 82.8%
	"D"	Better	Worse	Same	
Last 20 years	61	48	9	4	Worse 78.7%, Same or Worse 85.2%
'09-'14 (excl '11)	20	17	1	2	Worse 85.0%, Same or Worse 95.0%
	"A&D"	Correct	Wrong	Same	
Last 20 years	174	137	29	8	Correct 78.7%, Correct or Same 83.3%
'09-'14 (excl '11)	49	41	6	2	Correct 83.7%, Correct or Same 87.8%

Last year we released a total of 8 teams which earned either an "A" or "D" grade. 7 of the 8 teams were correct including the 4 "A" teams all improving their record. The 4 "D" teams went 3-1 with the **Arizona Cardinals the only team incorrect the L2Y going from 10-6 to 11-5 DESPITE GETTING OUTGAINED BY 48 YPG!.**

These "A" and "D" are a huge help in determining which teams to bet on using the Vegas Over/Under season total. THIS YEAR THERE ARE SIX MORE TEAMS WITH THOSE VERY SPECIAL "A" & "D" GRADES.

COLLEGE FOOTBALL REFERENCE GUIDE

Returning Starters, Letterman & Head Coaches

The College Football Reference Guide is a cheat sheet to help with determining what teams have returning for the upcoming season and how they compare to their rivals within their conference. Listed below are the specifics for each program in regards to Conf and overall record, the number of returning starters, the amount of returning lettermen and the experience that their individual coach has not only with his current squad, but also in his career as a head coach. Charlotte is added to the list for the first time in their history while UAB has been removed (for now).

2015 PRO LOGS

Line are the openers from CG gaming in Las Vegas
They do not post lines on game #16

Northcoast Sports 33 years in business
One phone number: 800-654-3448
If your question isn't answered, please call

HOW YOU CAN EXPECT TO BE TREATED

With Honesty: Every day throughout the FB season the previous days results are recapped on Button #9 of the NCSports Compline.

With Integrity - 33 YEARS IN BUSINESS - ONE Phone Number!

With Respect - Every caller regardless if your asking a question or signing up as a full season Executive Club member gets treated with the same regard everyone deserves.

While Teaching- Never play more than you can afford to lose, there is NOTHING called a lock and money management is vital. If you have a question please do call and ask.

Power Sweep (1 of our 2 newsletters) Write-ups on every game, Logs, ATS #'s and rankings with 5-7 ★ rated College plays plus the Underdog Play of the week and 3 to 4 ★ rated NFL games plus 2-5 ★ rated NFL Over/Unders. These ★ rated plays are written a week in advance and while we never go against them much can change in the course of a week. A star rated newsletter play IS NEVER as strong as a ★ rated Late Phone play (unless it has the same Late Phone ★ rating).

Power Plays (1 of our 2 newsletters) Power Plays is a statical newsletter with a projected box score for each game. We put star ratings on those games that we agree with the computer and there are 8-10 4★ per issue with up to three 4.5 ★'s as well. DO NOT always agree with the projections but will never go against a star rated play. A star rated newsletter play IS NEVER as strong as a ★ rated Late Phone play (unless it has the same Late Phone ★ rating).

Our Comp-Line & Comp Plays (see pg 10 for records)

1-347-677-1700: There are AT LEAST TEN FREE PLAYS WEEKLY during the football season. Button #3 has the NC Sports (NCS) Underdog Play. The main question we get asked is why should I pay for your service when your free plays do so well? The answer is that by receiving these free plays you also hear our specials for the week and KNOW, not hear after the fact, that EACH AND EVERY RECORD we give out is 100% ACCURATE.

What is the Private Play Hotline The PPH selections are discounted plays based on conferences as well as grouping of NFL plays, the Big Dogs and other favorites. You always get at least 2 plays on each call for just $9 with the exception of the Marquees.

What are your BEST Plays?

While we're sure you heard of the Exec Club and perhaps the month of Exec service, weekly Exec, weekly Late Phones, College Totals or the NFL Late Phones, THEY ALL ARE THE SAME PLAYS!!! WE HAVE ONLY ONE SET OF ★ RATED PLAYS. We rate them 2★ to 5★ with plays rated 3★'s & higher consided Late Phones, being those we have monitored and advertise. Weaker then Late phone plays are Top Opinions which were games in the mix to be late phone plays but missed out. Next are regular opinions followed by Had-to-pick'ems. We suggest ONE UNIT PER STAR so your average wager should be divided by 4 with one unit played on each. For example if you normally play $20 per game that would equate to $5/★. A 3★ would be $15, a 4★ $20 and a 5★ $25! We suggest that if you desire to play top opinions it should be for one unit and regular opinions or HTP only if you must. That's the max - DO NOT bet 3, 4 or 5 times your normal wager and there is never a LOCK or SURE THING.

What is the VIP Debit System & does it cost to sign up for a code? The VIP Debit system can be accessed by phone (800-654-3448) or online @ ncsports.com (Debit login - top tool bar). It allows you to purchase Marquees, Private Play Hotline selections, the Midweek TD Club, and every ★ Rated Late Phone Play we release. Packages offered thru the office are always cheaper but if you are looking for just a few selections it's right for you. If you've ever been a Power Sweep Sub you probably have one and if not it takes just a minute to get one. Funds can be added through our office or at NCSports.com

Will the Midweek TD club be back? Absolutely. While the record was incredible LY please remember that the TD Club was made for those who were already Power Sweep and Power Play subscribers. By taking the ★ rated plays from both newsletters and adding in the TD club those are the plays we have in the mix to be Late Phone Plays for the weekend.

What are Marquee's and how strong are they?

With the exception of Saturday, Marquee's are isolated TV games. When you purchase a Marquee, be it a regular Marquee, a Marquee Play of the Week or a Marquee Game of the Month it should only be played for one unit. Every game is rated as a ★, Top or regular opinion or HTP (see Exec's) and should be played accordingly. If you purchase a Marquee it can have ANY of the above ratings which are ONLY released to Exec members.

Does A 4★ Newsletter Play equal a 4★ LP play?

★ Rated Newsletter Plays. A lot changes in a week so after writing the Newsletters things may occur that we like the play much less or it may be a late phone play.

Is a Marquee Game of the Month equal a to a College FB Game of the Month?

Marquees DO NOT HAVE A RATING. A Marquee Game of Month means we believe it will be the best Marquee that month. It may be a star rated Late Phone play of perhaps a top opinion SO NEVER play a marquee for more then one unit. Exec members do hear the rating as well as the Marquee.

Some comps have hit over 70% over multiple year is it worth several units?

COMPS are just like Newsletter Plays. We liked them when they were released and by the weekend they could be a Late Phone play, but more often then not they end up being top opinions.

REMEMBER RULES #1 & #2

1) NEVER BET MORE THAN YOU CAN AFFORD TO LOSE

2) THERE IS NEVER A "LOCK" OR SURE THING

Tony Steward - LB	**6-188** Clemson			

Offense: The departures on offense are minimal while the Bills made some nice upgrades on the offensive side of the ball with the trade for QB Cassel, the FA signing of WR Harvin and the blockbuster trade that saw Eagles RB McCoy head North to Buffalo. If Cassel stays healthy, this offense will see vast improvement.

Grade: UP

Defense: The biggest loss on the BUF defense comes from a player that didn't see a down a ssn ago in Kiko Alonso (traded for McCoy) who was the heart of the BUF D in '13 but missed all of '14 w/inj. The Bills strengthened their already great secondary (#3 LY) with the 2nd Rnd selection of CB Darby and with the addition of the defensive-minded Ryan, BUF appears be headed for another fine finish.

Grade: UP

Overview: The addition of HC Rex Ryan makes the Buffalo Bills an immediate conversation for most football fans. Ryan's change of venue along with his polarizing personality and talent on the roster have us believing that the Bills are ready make a push for the AFC East crown.

Offense: MIA parted ways with 4 of their top 5 receivers a ssn ago but the additions appear be just as strong as they used their #1 pick on WR DeVante Parker while also adding WR's Greg Jennings & Kenny Stills along with TE Jordan Cameron via FA. QB Ryan Tannehill still has plenty of weapons at his disposal for 2015.

Grade: EVEN

Defense: While the Dolphins did make the biggest FA splash with the signing of Ndamukong Suh, the unit as a whole does lose a good portion of their starting talent from a ssn ago. Suh is one of the most dominating players in the game today and MIA fans will be holding their breath in hopes that his very lucrative contract ($60 milliion guaranteed) will translate into many more All-Pro ssns.

Grade: EVEN

Overview: The losses that the Dolphins endured in the offssn have been canceled out with plenty of solid FA acquisitions along with a few starters and solid depth in 2015 via the Draft. While NE's offssn hasn't been impressive, the rest of the AFC East's was, making this division one of the more intriguing stories ming year.

Offense: While the length of Brady's susp is still in question at the time of print, the bigger question is who will be running the ball for the Pats as both Ridley and Vereen depart. NE did add some help on the OL but thie offense as a whole is a big ?.

Grade: DOWN

Defense: The Patriots spent their 1st four DC's on the defensive side of the ball which was a good thing considering the amount of FA's that they lost on the unit (Revis, Browner, Wilfork, etc). While the additions are solid, it may be a year or two until they get to the level needed to be a factor on a weekly basis.

Grade: DOWN

Overview: While the defending Super Bowl Champion Patriots are clearly still the favorite to win the AFC East, they are also the only team in the AFC to be graded DOWN in BOTH offense and defense which could cost them in playoff time, especially if they are forced to go on the road for more than a game or so.

Offense: While new HC Todd Bowles is very defensive-oriented, the strides that the Jets made on the offensive side this offssn are impressive with the signings of WR Brandon Marshall, RB's Stevan Ridley & Zac Stacey as well as James Carpenter to help re-stock the OL. Ryan Fitzpatrick gives the Jets a veteran presence behind Geno Smith while NY also brings in Bryce Petty to compete in the future.

Grade: UP

Defense: While there is a lot of comings-and-goings on the Jets defense TY, the fortunate thing for NY is that the additions are a ton more talented than the subtractions as they bring in the likes of Antonio Cromartie, Marcus Gilchrist and Darrelle Revis to the secondary alone. The biggest impact could be felt on the the DL however with Leonard Williams falling back to them with the 6th overall pick.

Grade: UP

Overview: The Jets got themselves a big offssn victory with quality FA additions along with a very solid draft. The talent is here for HC Bowles to win immediately and NY now has one of the premiere secondaries in all of the NFL at their disposal.

Offense: While the Ravens suffered some big losses in free agency at the WR and TE positions, they restocked those groups through the Draft which in turn cleared up some cap space to re-sign RB Forsett.

Grade: EVEN

Defense: The Ravens do lose yet another big piece of a defense that won the SB a few yrs back as Haloti Ngata moves on to DET. The remainder of the additions and deletions balance out however and you can be almost assured that BAL will again boast a solid defensive unit.

Grade: EVEN

Overview: Much like how the Steelers handle their personnel, BAL doesn't panic if things don't go as planned the ssn prior as GM Newsome remains one of the best at this position. In a very competitive division that saw all but CLE reach the postssn a year ago, BAL is just as talented as LY's 10-6 squad.

Offense: Judging by the way the Bengals handled their 1st two rounds of the 2015 Draft, they appear dedicated to developing a consistent running game for Hill and Bernard with the selections of OL's Ogbuehi and Fisher. QB Dalton also has his fair share of receiving options with WR's Green & Sanu along with a healthy TE Eifert returning.

Grade: EVEN

Defense: Surprisingly the Bengals didn't give much attention to fixing their #22 defense of a ssn ago with just a few FA signees along with some mid round draft choices, a decision that could cost them in a very competitive AFC North.

Grade: DOWN

Overview: After yet another defeat in the 1st Rnd of the playoffs the Bengals have now failed to win a postssn game since 1990. With 3 of the 4 AFC North squads reaching the playoffs LY, CIN may be hard-pressed in getting to the postssn again in '15.

Offense: The Browns will again be without WR Gordon (another susp) while the QB position consists of a pair of journeymen, an undrafted 2nd yr pro and Johnny Football. CLE does however boast a Top 10 OL that features a pair of All Pro's (Thomas & Mack) and add yet another piece to that group with the drafting of Erving. If the Browns are to have success in '15, it will be with a strong running game.

Grade: EVEN

Defense: After being victimized on the ground for a league-worst 142 ypg, the Browns used the Draft to shore up the middle with the 1st Rnd selection of the 339-lb Danny Shelton as well as a 3rd Rnd DT and FA signee Randy Starks. The team also bolstered their pass rush with the addition of Nate Orchard in the 2nd Rnd.

Grade: EVEN

Overview: While much was made of the disaster 1st Rnd of 2014 that saw the combo of Manziel and Gilbert struggle on and off the field, the rest of that draft proved to be solid. TY's 1st Rnd appears be much more consistent with the Browns approach of maintaining strength along the line of scrimmage. While QB still appears be a ?, the Browns are headed in the right direction although the record will likely be somewhat worse.

Offense: The 2013 drafting of RB Bell along with additions of solid WR options in each of the L3Y to go alongside with star Antonio Brown has Roethlisberger in good shape for the upcoming ssn. The only thing missing has been a healthy OL which the Steelers appear have heading into 2015.

Grade: UP

Defense: For the 1st time S/2002 the Steelers will be without S Polamalu (retired). The unit as a whole will also look different as a few other veterans have moved on via FA or retirement. PIT used 3 of their 1st 4 picks to address the D including pass-rushing standout Bud Dupree. Generally PIT limits their FA acquisitions and builds thru the Draft and TY isn't any different.

Grade: EVEN

Overview: The Steelers organization is one of the best in the NFL as they stick to a system and don't overreact from bad ssns. After a solid 2014, PIT should pick up right where they left off for the upcoming ssn as they fight for the AFC North.

Offense: While the Ryan Fitzpatrick project didn't necessarily work out a season ago, the jury is still out on Mallett and Savage while added to the QB race is Hoyer from CLE. The biggest loss to the unit is WR Andre Johnson but they do add a pair of FA's along with a nice pick of WR Strong who slipped to the 3rd round. The Texans went from a 19-22 ratio in '13 to a 22-13 mark LY. With another yr under HC O'Brien and some added talent at the position, HOU could improve again.

Grade: UP

Defense: The Texans actually improved their record by 7 games despite getting just 4 gms out of their #1 overall pick Clowney. HOU again went to the defensive side of the ball to start the draft over the 1st two Rnds along with a pair of solid FA upgrades. If the Texans are able get anything out of Clowney in his 2nd season, they will be stronger.

Grade: UP

Overview: The Texans had the best turnaround in the NFL a ssn ago going from 2-14 to 9-7 and nearly earning a playoff berth. With added talent to both sides of the ball, HOU has a chance to reach the 10-win plateau in an extremely weak AFC South.

Offense: The Colts have the best young QB in the game today and after struggling to run the ball a ssn ago (#22, 101 ypg), IND took to FA to help solve the problem with the signing of veteran RB Gore from SF. The Colts also added Andre Johnson to the passing game while allowing Reggie Wayne to move on. This unit is clearly stronger with Gore in the backfield.

Grade: UP

Defense: While the losses for this unit via FA were huge a ssn ago, the Colts were still able to produce solid numbers from an unproven defense. TY the team adds a slew of draft picks along with a handful of veteran FA's having us seeing improvement in 2015.

Grade: UP

Overview: The time is now for the IND franchise as they have a star QB entering his 4th yr in the league and the front office has surrounded him by a slew of young talent and veteran FA's. For the to Colts push far in the playoffs again in '15, their success in the regular ssn with a shot at home-field advantage could be the deciding factor after having to journey on the road in previous years.

Offense: After spending their 1st 3 picks LY on a QB and a pair of WR's, the Jags used a 2nd rounder TY at RB to help out a unit that was hampered by injury while also bringing in TE Thomas via FA. While a young group, the JAX offense is loaded with talent but still may be a year or two away from making a major impact.

Grade: EVEN

Defense: While it appeared the Jags drafted one of the most dangerous pass rushers available in the '15 Draft, they'll have to wait a year to get him onthe field as Dante Fowler tore his ACL in OTA's. The positive news for the JAX defense is that they lose very little in FA and HC Bradley is one of the better def minds in the game today.

Grade: EVEN

Overview: While the Jags have a roster full of young talent, they still have a long way to go in order to be in contention for the AFC South crown. It will be interesting see what another year of high DC's in 2016 will bring for this franchise as they continue to rebuild.

Offense: While the drafting of QB Mariota with the 2nd overall pick appears look good on paper, many wonder if he (spread QB) and HC Whisenhunt (pro-style system) will find success. The Titans also did a solid job of adding a weapon for Mariota with WR Green-Beckham in the 2nd Rnd and some added protection on the OL in the 3rd. With very few losses in FA the offensive roster has more talent but that may not show on the field for a year or two.

Grade: EVEN

Defense: The Titans had one of the worst defenses in the NFL a ssn ago (#27) as their '14 FA's didn't really pan out. While they do add a few FA's to the group incl OLB Orakpo, they need to do a better job with the addition of more talent thru the draft.

Grade: EVEN

Overview: Things haven't gone too well for the Titans since the end of the Fisher era and a lot of that could be due to the lack of a solid signal-caller. Whisenhunt installed his systems a ssn ago but the drafting of Mariota may cause some bumps along the road during his rookie campaign if he's given the opportunity to play as a rookie.

Offense: While the biggest addition for DEN this offssn was getting Manning to come back, new HC Kubiak and the OL will be seeing a major facelift as they convert to more of a zone-blocking scheme. DEN loses 59 of their 80 sts a yr ago which includes LT Clady who will miss the ssn w/a torn ACL suffered in May. Two of their 1st 4 picks were dedicated to the position which is worth keeping an eye on.

Grade: DOWN

Defense: DEN jumped on the chance to pick up DE Ray after he fell back further than expected bolstering an already stellar pass rush that features Miller and Ware. The addition of DC Phillips is big after DEN lost yet another DC to a HC gig within the div (Del Rio OAK). The biggest question remains whether the ILB trio of Trevathan, Johnson and Marshall can stay healthy enough to give DEN consistency up the middle as DEN did nothing in FA or the draft to address the position.

Grade: EVEN

Overview: Time is of the essence for the aging Broncos and this could very well be their last realistic chance of making a run. For the 1st time since Manning's arrival the losses (players & coaches) are much greater than the additions. Their division rivals are closing in and it will be interesting to see how well HC Kubiak and Manning adjust to each other in quite possibly the future HOF'ers final season.

Offense: LY the Chiefs became the 1st team S/1964 to go an entire ssn without a WR catching a TD pass. With that being said, HC Reid went back to his PHI roots with the FA signing of WR Maclin who has posted 35 TD rec in 71 career regular ssn gms. The FA departures for the offense are minimal while the Chiefs did spend 2 of their 1st 3 picks on the offense during the draft including another WR (3rd Rnd).

Grade: UP

Defense: The Chiefs were dealt a severe blow LY in the secondary with the loss of Eric Berry. While his status remains up in the air for '15, KC does add 1st Rnd CB Marcus Peters to the group along with FA signee Tyvon Branch. Similar to the offense, the departures from this unit in FA are minimal.

Grade: EVEN

Overview: The Chiefs made some solid moves during the offssn not only to build depth, but to fill the void of a true playmaking WR. With the talent on this roster and the guidance of a splendid coaching staff, the Chiefs appear be the biggest challenger for the Broncos in their quest for yet another AFC West Title.

Offense: After bringing in their franchise QB a ssn ago (Carr 1st OAK QB to start all 16 gms S/'02), the Raiders now bring in a few weapons for Carr's disposal TY in 1st Rnd selection WR Cooper and 3rd Round TE Walford. Despite those additions OAK did finish dead last in total offense in '14 and while we do expect improvement, there is still plenty of work that needs be done.

Grade: EVEN

Defense: The Raiders finished 12th in overall total defense a ssn ago which was impressive considering that they played a relatively tough schedule of opposing offenses. DE Edwards (2nd Rnd DC) along with a few FA's should continue to stabilize this unit who lost very little in free agency.

Grade: EVEN

Overview: You can't get much more production out of your 1st two picks than what the Raiders were able get a ssn ago LB Mack (1st Rnd, Def Rookie of Yr) and QB Carr (2nd Rnd) who were huge pieces to the team as rookies and are the keys to OAK's overall success for 2015. The team as a whole is headed in the right direction although there is a big amount of ground to make up inside the AFC West.

Offense: The Chargers have been searching since 2010 to find a replacement for RB Tomlinson. SD drafted Melvin Gordon to hopefully assume that role after the Ryan Matthews era saw more inj's than on-the-field productivity. After a handful of trade rumors prior the Draft, QB Rivers remains with the tm along with a limited amount of comings and goings via FA on the offensive side of the ball.

Grade: EVEN

Defense: Four of SD's 5 DC's were focused on this side of the ball including 2nd Rnd ILB Perryman who could find himself immediately competing for a starting spot. The Chargers moved in and parted ways with a few members of the secondary but no major FA news on this unit as a whole.

Grade: EVEN

Overview: The Chargers find themselves in a tough spot as they have some talent on the team but many of those key players are getting a bit long in the tooth. Most of their draft was concentrated towards the defensive side of the ball while the front office takes a chance that QB Rivers and TE Gates have enough left in the tank for yet another playoff push.

Offense: It's never a good thing when a team loses the leading rusher in the NFL to free agency. It's even worse when that player moves on to a division rival. That's exactly what happened with DeMarco Murray (1,845) who moved to the Eagles. The Cowboys do bring in Darren McFadden to help the unit but his 534 yds of a yr ago along with DAL failing to pick up anyone in the draft has this unit in flux for 2015.

Grade: DOWN

Defense: Jerry Jones and company are never afraid to take chances on players with character issues (see Michael Irvin and Dez Bryant) and this ssn is no different as they brought in Greg Hardy in FA and drafted Randy Gregory in the 2nd round. It's high-risk, high-reward for the Cowboys and we're interested to see what happens.

Grade: EVEN

Overview: The Cowboys are in a heated battle with PHI atop the NFC East but you have question their lack of focus in the draft on picking up a RB to pair with Darren McFadden and the two young guys already on the roster. HC Jason Garrett is a brilliant offensive mind so we'll give him the benefit of the doubt here early on and watch to see if they're able get near the same production as what the departed Murray was able to bring.

Offense: The Giants were the only team in the NFL a ssn ago to have a rookie lead in both rushing and receiving. Odell Beckham pulled in an amazing 1,305 yds on 91 catches while taking home Off Rookie of the Yr. NY spent their 1st rounder on this unit again in 2015 building the OL with Ereck Flowers while also bringing in RB Shane Vereen via FA. The losses to the unit are minimal as the Giants offense looks improved.

Grade: UP

Defense: The Giants stockpiled talent on defense during the Draft TY while their losses in FA were negated with equal additions. This group is in about the same situation as they were a year ago although the future is bright.

Grade: EVEN

Overview: NY has always had one of the better front offices and scouting departments in the NFL and have rarely swung and missed on their high pick talent. After LY's flashy selection of Beckham turned out to be an A++, they went back to the basics TY by bringing in solid players with enormous growth potential. The Giants have a legit chance once again to push for the top spot in the NFC East.

Offense: For the 1st time since the selection of RG3 in 2012, the Redskins were able to draft in the 1st round (traded '13 & '14's 1st rounders w/STL as part of the RG3 deal). While the drafting of OL Brandon Scherff is not a sexy pick, he'll immediately be inserted into the starting lineup of this leaky OL unit. The losses to the group are minimal but once again, RG3 will determine just how good this group can be.

Grade: EVEN

Defense: While WAS does lose a 100 tkl'r to player retirement, the FA additions this unit are solid, especially in the secondary. The Redskins also did a good job of building depth in the later rounds of the draft which should reflect a stronger special teams unit for the upcoming ssn.

Grade: UP

Overview: Owner Dan Snyder and the Redskins are famous for spending boatloads of cash to bring in some of the upper echelon FA's each and every year. While there have been a few busts during that span to say the least (most notably Albert Haynesworth), we like the additions to the team this season, especially on the defensive side of the ball.

Offense: There is no doubt that Chip Kelly is one of the better offensive-minded coaches in the league today. PHI will have plenty of new faces on the roster TY with the additions of QB Sam Bradford and RB DeMarco Murray along with a handful of other big names such as QB Tim Tebow, RB Ryan Mathews and WR Miles Austin. There are way to many variables to call this unit UP or DOWN in 2015.

Grade: EVEN

Defense: Much like the offense, the Eagles defense also had a facelift this offsn. The biggest name of the bunch didn't even see a snap LY however as Kiko Alonso (plyd under Kelly at Oregon) comes over in a trade for LeSean McCoy (BUF) after missing '14 w/a ACL. Assuming Alonso returns to 100% health, this unit will be stronger with a few other FA additions and draft picks.

Grade: UP

Overview: Hats off to Chip Kelly for having one of the most interesting offssn's in the history of the league with the slew of trades and roster moves. Will all of these moves keep the Eagles in contention for the NFC East Title in 2015? Odds are the answer is yes as PHI has a star-studded roster that are clearly the guys that Kelly wants in his lockeroom.

Offense: While the Bears parted ways this offssn with Brandon Marshall, the 1st Rnd addition of Kevin White has canceled out his loss and could actually prove to be a plus on the unit as he compliments Alshon Jeffrey and Martellus Bennett very well. Assuming that Jay Cutler is able to find his niche with the new offensive coaching staff, this group has an opportunity to be just as productive if not stronger.

Grade: EVEN

Defense: The biggest problem for the Bears D over the past couple of ssns has been their lack of being able to plug the middle. CHI has invested some picks in each of the past few drafts to hopefully solve that problem and did so once again in '15 with the #2DC selection of Eddie Goldman. The losses via FA are minimal while the additions of LB Mason Foster and DB Antrel Rolle are clear bonuses heading into TY.

Grade: UP

Overview: John Fox is a veteran HC that took the Broncos to the postssn in each of his 4 yrs with the tm. He will need a lot of things to go in his direction in 2015 if he is to reach the postssn for the 5th concecutive yr. The talent is clearly on the roster but the NFC North features a pair of playoff teams from a year ago and a Vikings team that should also be improved.

Offense: The lack of a consistent running game and a slew of injuries cost the Lions as they pushed into the playoffs a ssn ago. DET used their 1st 2 DC's to help with this unit upgrading the interior of the OL with Laken Tomlinson and the running game with Ameer Abdullah who has many of the same traits as the now departed Reggie Bush. The 1-2 punch of Joique Bell and Abdullah accompanied by a healthy Calvin Johnson should have the Lions a bit more productive for the upcoming ssn.

Grade: UP

Defense: The Lions DL was hit hard by defections this offssn with both Ndamukong Suh and Nick Fairly moving on. Veteran DL Haloti Ngata does join the fray but we are a bit surprised that DET ignored the defense early in the Draft.

Grade: DOWN

Overview: DET did lose the biggest name in free agency this offssn from a defense that definitely could not afford his loss. There is only so much that this high-octane offense can do in the tough NFC North which has us thinking that the Lions could slip some in 2015.

Offense: The Green Bay offense remains loaded with talent as all of the usual suspects are back for another ssn. A few mid-round DC's along with very few FA departures have them right where they want to be (but this time with a healthy Aaron Rodgers).

Grade: EVEN

Defense: The Packers heavily invested in reloading their secondary for the upcoming ssn with the selection of a pair of DB's in the first 2 rounds of the Draft. While GB does part ways with their 3rd and 4th tacklers from a yr ago, there is plenty of talent on board as replacements.

Grade: EVEN

Overview: As usual, the Packers had an extremely quiet offssn with very few comings-and-goings which is just what they were hoping for with the success that this current roster has had. GB is clearly one of the top teams in the NFC and should be in contention all season long.

Offense: This is a unit that has the potential to be one of the most improved offenses in the league with the return of Adrian Peterson and Teddy Bridgewater going thru the entire offssn as the projected starter. While the Vikings do lose leading receiver Greg Jennings, they do bring in Mike Wallace while TE Kyle Rudolph is now healthy (missed 7 gms LY).

Grade: UP

Defense: The Vikings used FA and the Draft to build their depth this offssn while only losing two starters in the process. With HC Mike Zimmer spending nearly his entire NFL coaching career on the defensive side of the ball, you can be assured that this group will have his attention.

Grade: EVEN

Overview: The Vikings could be a trendy Wild-card pick for many NFL experts this ssn with the return of Peterson and a slew of young talent on the roster. Their biggest hiccup however will be their fellow NFC North rivals who will each have something to say about MIN's potential push up the divisional standings.

Offense: ATL lost nearly 1,000 yds of rushing production this offssn with the hopes that LY's 4th rounder Devonta Freeman and TY's 3rd rounder Tevin Coleman have enough to carry the load. The rest of the offensive unit returns with just one full-time starter (OL) departing in FA.

Grade: EVEN

Defense: The Falcons spent a lot of time on this unit this offssn both thru the Draft and in FA. Vic Beasley is one of the most dangerous OLB rushers in TY's draft while 2nd Rnd DC Jalen Collins immediately fills a void in the ATL secondary. New HC Dan Quinn is a former Def Coor so you know that this group was his primary focus in his 1st yr.

Grade: UP

Overview: LY's Falcon team suffered thru a tough ssn that saw HC Mike Smith terminated by ssn's end. ATL is a proud franchise with an owner and front office that will go out of their way to be a playoff contender in the immediate future which could happen as early as TY in the always up-for-grabs NFC South.

Offense: The Panthers locked down QB Cam Newton this offssn with a lucrative contract extension. CAR loses just one full-time starter (OL) while returning a pair of 1,000 yr receivers along with RB Jonathan Stewart who had his highest rushing output since 2009 with 809 (4.6). There are still plenty of weapons at Newton's disposal for 2015.

Grade: EVEN

Defense: CAR's super LB unit got even stronger this offssn with the addition of Shaq Thompson in the 1st Rnd of the Draft. While the Panthers do lose a starter in the secondary, they did bring in a trio of FA's to fight for time. It will be interesting to see how CAR uses the versatile Thompson who also saw time at S and RB during his collegiate career.

Grade: EVEN

Overview: The Panthers have a target on their back after taking home the NFC South a ssn ago. The roster is virtually the same as '14 but everyone knows how wacky this division can truly be.

Offense: The Bucs used the Draft to grab their franchise QB in the 1st Rnd and a pair of OL to protect him in Rnd 2. The losses on the TB offense are minimal as only journeyman QB Josh McCown moves on. With a pair of 1,000 yd WR's and a RB corps that should be in better shape after LY's inj's, Jameis Winston has the foundation laid for a strong rookie season.

Grade: UP

Defense: While the Bucs lose 3 starters from LY's squad via FA, they do bring enough to compensate for the departures highlighted by a trio of FA's from DAL that totaled 18 sts and 128 tkls a year ago. The Bucs should be very close to this past ssn.

Grade: EVEN

Overview: There is only one way go for TB in 2015 after LY's dismal performance that landed them with the worst record in the league. QB Winston has plenty of options in the passing game as well as added OL talent to protect him. HC Lovie Smith is a defensive-oriented coach which has us believing that the Bucs have an excellent shot at avoiding the NFC South basement in 2015 with an eye at making a push further up the division in 2016.

Offense: While Ndamukong Suh was the biggest defensive name to switch teams this offssn, TE Jimmy Graham was arguably the biggest on the offensive side of the ball as he was dealt to SEA for C Max Unger and a 1st Rnd DC. The receiving corps as a whole will look much different for the Saints as they also part ways with leading receiver Kenny Stills while they didn't use a DC or bring in any big FA acquisitions to replenish the group. The RB position may be a tad bit better with CJ Spiller joining but QB Drew Brees does have fewer targets at his disposal.

Grade: DOWN

Defense: Most of the Saints early DC's came on the defensive side of the ball and deservedly so as they finished 2nd worst in total defense in 2014. Leading tackler Curtis Lofton does move on this offssn but they do bring in Dannell Ellerbe to fill his spot despite missing all but 1 gm a ssn ago (101 tkls '13).

Grade: EVEN

Overview: In a wacky NFC South that generally sees a new team crowned as division champ each year, it's unclear what the Saints were thinking this offssn as their potent offense lost a bunch of weapons in the passing game while the defense looks a bit young and unproven. It's hard to get a full read following this offssn on just what this team will be made of.

Offense: Injuries were a big reason for the offensive demise of the Cardinals as the season wore on, especially at the QB position as ARZ was forced to start 3 different players throughout the yr and playoffs. While the group does lose a pair of OL starters in FA, they do get 2 in return while also adding DJ Humphries in the 1st Rnd of the Draft. Everyone else returns with the hopes of better overall health.

Grade: EVEN

Defense: After being just 1 of 7 teams since 1940 to allow four 500+ yd games, it was clear that the Cardinals needed some help on the defensive side of the ball. They added a slew of FA's along with solid pass-rushing DE Markus Golden in the 2nd Rnd of the Draft. The only major loss on the unit is CB Antonio Cromartie but with the talent this secondary possesses (when healthy), they can survive without him.

Grade: UP

Overview: It appears to be a 2-team race for the NFC West this season assuming the Cardinals stay healthy as SF and STL are clearly looking to the future judging by how their offssn was handled. HC Bruce Arians has done solid work since taking over the reigns in ARZ and another playoff push could be in the offing.

Offense: The Rams have been all over the place drafting for the RB position the past 4 ssns as they've selected 5 players including a 2nd Rnd selection LY and Todd Gurley with the 10th overall pick TY. The biggest question for the STL offense however is at QB as Sam Bradford has now departed and Nick Foles takes over despite missing half of '14 with injury.

Grade: EVEN

Defense: STL has done an excellent job building their defense up thru the draft the past few ssns including LY's Def Rookie of the Yr Aaron Donald. DL Nick Fairley joins the group via FA while the losses are minimal. STL continues to have a very strong defense.

Grade: EVEN

Overview: While the Rams have a solid defensive unit, their main objective for 2015 is to find a QB and close the gap between themselves and the NFC West hierarchy (SEA & ARZ). Another mediocre year should be expected while the front office uses next offssn to make a move up the divisional standings.

Offense: The 49ers have parted ways this offssn with their top rusher (Frank Gore) as well as two of their top 3 receivers (Michael Crabtree & Stevie Johnson) and a trio of starters on their OL. While Torrey Smith's addition to the WR corps is commendable, the RB's appear to be 2nd year pro Carlos Hyde and oft-injured journeyman Reggie Bush. New HC Jim Tomsula has his hands full this ssn.

Grade: DOWN

Defense: While free agency is normally the cause of roster turnover, the 49ers defense is dealing with something else this ssn, retirement. SF loses 3 starters from LY and the names are huge as Patrick Willis, Justin Smith and LY's leading tackler and rookie LB Chris Borland have moved on from football. The secondary also took a few hits in FA making the 49ers D a huge ? for 2015.

Grade: DOWN

Overview: What a difference a year makes as LY at this time the 49ers were coming off of their 3rd consecutive NFC Championship game appearance. This year it appears that they will be battling to stay out of the NFC West basement with huge losses on both sides of the ball along with the departure of HC Jim Harbaugh. The 49ers are the only NFC team to get a thumbs down on both offense and defense this offssn.

Offense: When your leading receiver the past 2 seasons has averaged just 4 td's, the smart thing to do is add some talent in the RZ area and the Seahawks did just that with the blockbuster deal that sent Jimmy Graham here from NO in exchange for C Max Unger & a 1st Rnd pick. Over the past 4 yrs Graham has avg 12 td's a ssn for the Saints. Despite the loss of Unger and one other starting member of the OL, this offensive unit as a whole is virtually the same but Graham's addition is a big bonus for Russell Wilson.

Grade: UP

Defense: SEA added some nice depth during the draft to the defensive unit while the departures are minimal including Super Bowl MVP Malcolm Smith who started just 5 gms in '15 yet the Raiders still decided to overpay him this offssn. When your defense is as good as it's been in SEA, why mess with it?

Grade: EVEN

Overview: The Seahawks may have strengthened their chances at claiming another NFC West Title this offssn by just standing pat and keeping most of their roster together from a ssn ago as the 49ers and Rams have clear roster concerns and the Cardinals couldn't seem to find a healthy QB during 2014. SEA's biggest concern is attempting to sign QB Wilson to a long-term deal as his initial rookie contact expires at the end of 2015.

SPORTS SERVICES - A COMMENTARY

The Sports Service industry has a bad reputation with a good portion of the public and we feel deservedly so. We estimate that this season will start with over 1,000 Sports Services in business. At the end of this year, we look for the usual 95 - 100 to still be in business. Why is this? The **majority** of Sports Services are rip off artists and cons. They coin a name, get phone numbers and Credit Card numbers. They then use high pressure tactics and lies to charge up large sums of money on the unsuspecting public. At the end of the year, their fictitious reputation has been trashed and they cease operations. The next season they pick out a new name, make up some new ads and get rich ripping off the public once again. They do not care about the picks they put out, they only care about getting YOUR money. Their time is spent on slick ad campaigns - not handicapping.

In 1990, someone contacted us who worked for a service in Indiana. He told us that the owner operates 7 to 10 Sports Services out of the same building. If he rips off someone under one name, he simply has a different salesman call back from one of his other services. The owner's philosophy is "it's not how many you WIN, it is how many you SELL!"

These Sports Services thrive on gimmicks like "Lock" games and "Can't Lose" or "Sure Winner" labels for their shams. They come out with 50★, 100★, or 500★ or even million ★ games. Many use the telephone to badger people until they can get a Master Card or Visa number. The lure of quick, easy money is enough to trap unsuspecting bettors into believing that there is such a thing as a sure thing. **NEVER, we repeat, NEVER wager more than you can afford to lose.**

Being in the Sports Service industryß since 1982, we have heard all kinds of horror stories from people who have fallen prey to these unsavory services. We get calls on weekends from people who say they just took a dive on some services "can't lose" game and now they need one sure play to bail them out of deep trouble. Remember, **there is no such thing as a can't lose game.** Others call us to say they were with a service years ago, but played their plays and lost either their house, marriage, job and have not bet since then.

There is only one way to win money and that is by smart wagering throughout the season, not doubling up when down and by all means not going beyond your limits on any play. A guide for money management is "10 Keys to a Winning Season" which is on sale through the Northcoast office at 1-800-654-3448. The intelligent bettor realizes this and finds a Sports Service that is hard working and honest. Why pay for hype when the winners and honesty are most important. You read in our commentaries when we have bad weeks as well as all those weeks we tout our successful picks. Yes, there are honest services out there besides Northcoast Sports, but be careful when you choose. Choose for football knowledge, not how slick their ads look or how great a salesman they have.

A graphic example of how the majority of Sports Services operate was found in the comics section of our local paper. "Tank McNamara" written by Jeff Millar and Bill Hinds, did a satire on how easy it is to open up a Sports Service by showing how a group of senior citizens with no football knowledge opened one up and were ready to ring up the Master Card and Visa sales. It may seem highly unlikely, but this type of start is true on over half of the present services.

Keep the cartoon below in mind when you're looking for a football service, and Good Luck to you for the upcoming year!
